### • MARCH 2019 •

**Resume Workshop:** will help you with improving an existing resume or building a new one. Participants of this workshop must come with an existing resume or a completed pocket resume. Hosted by Employment Solutions

**Basic Computer Skills Level 1 & 2:** will teach you basic computer skills, how to set-up an email, as well as how to apply for a job online. Hosted by Employment Solutions

**NCRC Testing - Hosted by MCC:** The ACT National Career Readiness Certificate can help students on a postsecondary path you are preparing beyond high school, including careers. This portable, evidence-based credential, which certifies the essential skills for workplace success. Employers look for it from job candidates, whether they come directly from high school or through postsecondary paths, because it is a valid predictor of a job performance. Great to put on your resume since many employers are using this metric for some employees. Hosted by Metropolitan Community College. Pre-registration required at <http://bit.ly/2izplQs>
